

Fighting Back

Santa Maria Valley

Join the Parent Network Directory

As part of effective monitoring, parents and caregivers will be able to “Trust & Verify” through the Parent Network Directory.

The goal of this directory is to provide parents with a resource to help keep their children safe and drug/alcohol free. Made up of a network of local parents, members of the directory will be able to contact each other when there are parties, get-togethers, after-school activities, school dance, etc. to verify the details of their children’s activities.

- Be aware of your child’s whereabouts
- Know your child’s friends
- Be knowledgeable of your child’s activities
- Set ground rules such as no drugs, alcohol or tobacco
- Uphold the law by never serving alcohol to minors.
